Subject: [External] DEC Fuel - Docket No. 2021-3-E

Good morning David,

The Commission issued its directive in Docket No. 2021-3-E (Annual Review of Base Rates for Fuel Costs of Duke Energy Carolinas, LLC) yesterday afternoon. S.C. Code Ann. § 58-27-865 requires the Company to notify customers of the increase in fuel costs during the next billing cycle following the rate increase. The Commission has historically included the reserved order number with its directive in the fuel proceedings to provide the Company with sufficient time to notify customers of the change in their rates. Could you please let us know what order number the Commission has reserved for the final order in this docket so that the Company may begin the process of notifying customers of the change in fuel costs?

Thank you,

Katie
